Acute Indigestion.
I was annoyed for over a year with attacks of acute indigestion, followed by constipation," writes Mrs. M. J. Gallagher, Geneva, N. Y. "I tried everything that was recommended to me for this complaint but nothing did me much good until about four months ago I saw Chamberlain's Tablets advertised and procured a bottle of them from our druggist. I soon realized that I had gotten the right thing for they helped me at once. Since taking two bottles of them I can eat heartily without any bad effects." Sold by all dealers.

Mrs. Fred Haines, who has been quite ill for the past week, is reported improving by her physician.
Portland, Sept. 23.—D. E. Standard, Burns, Oregon.—Bob Robinson's statements are rediculously untrue. I shall obtain statement today from lawyers who drew up Oregon dry bill, but no member of the Arlington club ever had anything to do with changing measure. Measure never changed and "distributing" never was in measure. No such change ever printed in any news paper anywhere.
Robinson is hired speaker. His character is seen from fact he was formerly for prohibition in an eastern state. Facts regarding Kansas should be judged not in comparison with other states, but as it was before it went dry. Prison commitments all vastly reduced since Kansas went dry. Kansas has lower death rate from disaster attributable to liquor than any other state in the Union. Kansas is away below the average in commitments than any other state. Kansas has only one prisoner for each 1911 people, where Oregon has one prisoner for each 1500 people. Kansas has fewer homicides per year than Oregon, but more in penitentiary because Kansas has no capital punishment, and they stay in prison for life.
For 25 out of a 105 counties in last two years, 13 counties only one prisoner apiece, "1910" prison report. Oregon can't duplicate this. Wall Street Journal says Kansas per capita wealth is \$1666.92. Largest in America. Directory census bureau says Kansas reduces death faster than any state in the Union. Facts regarding situation are, breweries becoming desperate in every Oregon dry town. Business better than when town wet. All Roseburg merchants favor dry town. Salem overwhelming, favor dry. Merchants say business 25 per cent better. Salem building permits increased \$9000.00 per month since town went dry. All saloon buildings rented. No vacant houses. Virginia voted dry yesterday by over 3500 with incomplete returns. This is clear indication of what Oregon will do next November. I am preparing a triple statement for mail, but please have this preliminary statement published as news or advertisement.
